

Low Profile Neuro System

1.5-mm Neuro Plating System

Oral and maxillo-facial surgery is our passion! Its further development, together with our customers, is our ambition. Every day we work on developing innovative products and services which meet the highest demands on quality, and which contribute to the wellbeing of the patient.

1.5-mm Low Profile Neuro System

Complete implant selection for:

- Craniotomies
- Cranioplasties
- Craniofacial surgery
- Pediatric neurosurgery
- Bony defects of mastoid, cranial, orbital, and skull base regions
- Neuro trauma

Features and benefits:

- 25% lower profile than our standard 1.5-mm system
- Minimal palpability
- Used in conjunction with KLS Martin maxDrive® Drill Free screws
- Color coding system – purple plates
